

**SUGGESTION #1**

6- ONCE YOU'RE DONE TAKE THE HALF CAP YOU MADE, CLEAN IT AS BEST YOU CAN WITH ALCOHOL SWABS AND KEEP IT FOR THE NEXT FRESH RIG YOU USE.

KEEP

TOSS

THROW AWAY THE TOP OF THE CAP AND KEEP THE SMALL BOTTOM PART

THE BOTTOM PART OF THE CAP WILL CLICK ONTO THE RIG TO SECURE IT IN PLACE. THIS LOOKS LIKE A TOP BECAUSE OF HOW IT WAS MELTED WHEN SHOOTING.

**LONG TO SHORT**

**SUGGESTION #1**

4- USE THE BOTTOM HALF TO RECAP THE RIG, CUSTOMIZE TO THE LENGTH YOU PREFER

5- USE THE BOTTOM HALF TO USE AS THE TISSUE BARRIER ENSURING YOU DONT ADVANCE TOO FAR IN.

**LONG TO SHORT**

**SUGGESTION #1**

1- TAKE A LONG & UN-CAP IT

2- CUT THE CAP IN HALF. THIS CAN BE CHALLENGING, BE CAREFUL!

3- MELT DOWN THE RAW EDGE WITH A LIGHTER TO SMOOTH IT OUT, ENSURE THERE IS STILL A HOLE IN THE MIDDLE.

**LONG TO SHORT**

THE LOSS OF ACCESS TO SHORT TIP FIXED-NEEDLE SYSTEM, MAY CAUSE MANY CHALLENGES FOR MANY FOLKS. THESE AREN'T THE MOST IDEAL TIPS, BUT THEY WORK IN A PINCH, AND WILL HOPEFULLY HELP AVOID THE NEED TO RE-USE THE SAME RIG.

**LONG TO SHORT**

**SUGGESTION #2**

YOU CAN DO THE SAME WITH CAPS FOR TIPS AND BARRELS IF THOSE ARE THE TOOLS YOU PREFER. THE CAP FOR THE TIPS ARE MUCH EASIER TO CUT!

IF YOU FT A PERFECT CUT YOU MAY WANT TO KEEP IT, BUT THE EASE ALLOWS YOU TO TOSS IT AND USE FRESH WITH EACH SHOT

**LONG TO SHORT**

**SUGGESTION #3**

USE THE COTTON IN YOUR COOKER, OR THE FILTER YOU HAVE ON HAND. DEPENDING ON YOUR SUPPLY DISTRO

THIS ISN'T QUITE AS STURDY, BUT REALLY EASY TO USE AND EASIER TO USE FRESH/STERILE COTTONS WITH EVERY SHOT. IT ALSO ALLOWS FOR SOME FLEX OF DEPTH IF NEEDED.

**LONG TO SHORT**

**JUST THE TIP**

WE KNOW THESE SUGGESTIONS AREN'T PERFECT, BUT WE WANTED TO FIND A WAY TO REDUCE THE NEGATIVE IMPACTS OF THE LONGER TIP. IF YOU HAVE OTHER TIPS THAT WORKED PLEASE LET US KNOW!

**LONG TO SHORT**

**MAKE A LONG INTO A SHORT**

**STREETCATS**
